

MUSTANG4SUPPLIES.COM EXPANDS SERVICE INTO CONSUMER MARKET

Mustang4supplies.com, today launches their new website, aimed at industry related trade and the addition of the new UK wide consumer shopping area.

The website has been purposely designed to have a clean layout and easy navigation to ensure it is accessible for even those of us who are not computer minded. Each product is clearly shown on the website's shopping cart and customers can register for a free user account at any time during the buying process. Once registered customers can track their order all the way to their door, or view current/archived invoices.

Due for launch on 1st January 2005, Mustang4supplies.com has already provided a vital service for the cleaning supplies trade, as a repository for current COSHH data/information sheets.

Paul Downes from Mustang4supplies.com comments: "After an incredibly successful year we have expanded our service to encompass the consumer area to give people the widest possible options to search for value for money products".

Mustang4supplies.com is easy to use, fast and provides a wealth of current information, to find out more visit: <http://www.mustang4supplies.com>.
